

Notice of Special Election

At the regular meeting of the board of Public Instruction in and for St. Lucie County, Florida, held at Fort Pierce, Fla., on the 1st day of March, 1909, a petition was received and filed with said board, said petition being signed by more than one-fourth of the duly qualified and registered voters of voting precinct No. 6, in said county, praying said board to call an election, as soon as practicable, in the territory hereinafter described, for the purpose of submitting to the qualified voters of said precinct a proposition to establish a Special Tax School District in the territory therein set forth and hereinafter described, which description is as follows to wit: Beginning at the Northwest corner of Township 36, Range 35, on the county line, thence running East twelve miles to the Northeast corner of Township 36, Range 36, thence South twelve miles to the Southeast corner of Township 37, Range 36, thence West twelve miles along or near the border of Lake Okeechobee to the Southwest corner of Township 37, Range 35, thence North twelve miles along the County line to place of beginning, said above described territory embracing the Tantie and Taylor Creek schools, which petition was then and there filed and approved by said board, and an election was ordered by said board to be held at voting precinct number 6, in county aforesaid, on the 20th day of April, 1909, in accordance with the terms of said petition.

At such special election it shall be determined whether or not the above described territory shall become a Special Tax School District, the number of mills to be assessed and levied, not to exceed three mills, to be collected annually for the two succeeding years, and who shall constitute the three School Trustees who shall then and there be elected to serve said schools in said above described district for the two succeeding years, or until their successors are elected and qualified. No elector can vote for more than three trustees, and the three receiving the highest number of votes shall be declared the trustees for said district for the next succeeding two years.

No elector can vote for more than three mills and the highest number of votes cast for any particular millage up to three mills shall be declared the number of mills to be assessed, levied and collected for the ensuing two years. As a special election will be held in said above territory on said date for the purpose of voting for or against bonding the county for building hard surface roads, and as the Supervisor of Registration has heretofore been called upon to send in to the proper authorities a correct list of all the qualified electors for said voting precinct, and to publish the same, as required by law, it will not be necessary for this board to call further upon the Supervisor of Registration for such list.

Dated this March 1st, 1909.

Notice of Special Election

At a special meeting of the Board of Public Instruction in and for St. Lucie county, Florida, held at Fort Pierce, Fla., on the 13th day of March, 1909, the following petition was received, filed and approved by said board, to wit:
"We, the undersigned citizens and tax payers of voting precinct No. 12, St. Lucie county, Florida, hereby petition the Honorable Board of Public Instruction of St. Lucie county to call an election as soon as practicable to establish a special tax school district in and for Precinct No. 12, said territory including two schools, Viking and Oslo schools. Boundary lines same as boundary lines of said precinct now of record. Signed, J. Helseth, S. D. Daniel, R. W. Lennard, A. Loyet, Charles Gibbon, J. W. Hodge, N. Halstrom, Axel Halstrom, A. Erickson, A. O. Helseth, B. Benicksen, O. O. Helseth, G. M. Hall, Elias Helseth, John Blanton, M. B. Daniels.

After considering the above petition and it appearing to said board that said petition is regular and that more than one-fourth of the qualified voters have signed said petition, and that the territory sought to make a special tax school district embodies only the territory prescribed for said voting precinct No. 12, it was ordered by said board at said special meeting that an election be held in and for said voting precinct on the 20th day of April, 1909, in accordance with the terms of said petition.

At such special election it shall be determined whether or not the above described territory shall become a special tax school district, the number of mills to be assessed, levied and collected, not to exceed three mills, and who shall constitute the three school trustees, who shall then and there be elected to serve said schools for the next ensuing two years, or until their successors are elected and qualified.

No elector can vote for more than three mills nor for more than three trustees and the highest vote in each instance will be declared the number of mills to be assessed and collected and three receiving the highest number of votes for school trustees shall be declared the trustees for the next ensuing two years. As a special election will be held in said voting precinct on said 20th of April, 1909, for the purpose of voting for or against bonds for hard surface roads, it will not be necessary to call upon the supervisor of registration for a correct list of the qualified voters in said precinct nor to publish same as said list will be made up for said purpose, and the clerk and inspectors shall be the same for this cause as for the election in said matter of hard surface roads.

Dated this 13th day of March, 1909.

Near Death in Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in coughs and colds, sore lungs, hemorrhages, lagrippe, asthma, croup, whooping cough and all bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by Fort Pierce Drug Co.

Notice of Fish Law.

Notice is hereby given that at the next session of the legislature of the State of Florida, the undersigned intend to apply for the passage of a law to prohibit fishing with haul seines in the tide waters of the counties of Brevard, St. Lucie and Dade.

Golf in High Altitudes.

It is strange how many golfers there are who fail to appreciate the great effect the density of atmosphere has on the flight of a golf ball. On a still, misty day the ball flies about five yards to ten yards less than it does on a frosty day, when the air is keener and more rarefied, and it is always stated—whether truly or not is unknown—that in an east wind the ball flies farther than it does when the wind blows from the opposite and more acceptable quarter. The writer was fortunate, or unfortunate, enough to play many rounds a few years ago on the Johannesburg links in South Africa. These links are situated some 6,000 feet above sea level, and the air is wonderfully rarefied. The ball consequently flew the most surprising distance. As proof of this the winner of a driving competition sent a ball a carry of 228 yards, the second player returning the modest distance of 223 yards. Yet neither of these two players could approach the driving capabilities of good amateur golfers.—Country Life.

The Yorkshireman.

There is a characteristic glimpse of Yorkshire "downrightness" in the published reminiscences of an English clergyman:

At my institution to Upham a retired colonial bishop, about to take an English benefice, said: "Well, you and I have worked both in north and south. In what points do you consider that they differ?" "Oh, my lord," I answered, "I can soon tell you that. If a Yorkshireman thinks you a fool he comes and tells you so to your face. Down here they go and tell somebody else." "You have exactly hit it," said the bishop. "The difference could not be better described."

Yorkshire regard for the pocket the aforesaid clergyman illustrates in this anecdote:

A groom being asked how long he lived in the south replied, "Twenty years." "What! Have you, a Yorkshireman, lived twenty years down here and not made your fortune?" "Eh," answered the man, "but measther were Yarkshire too."

"What Fools We Mortals Be."

The Starke Telegraph says that thirty liens were filed on record in one week in the clerk's office, averaging \$40 each, given by citizens of Bradford county to a lightning rod agent. These liens are blanket affairs which will enable the company to sell all a man's possessions. One man who was too poor to put a chimney to his house had it covered with lightning rods. Levy county farmers are warned to look out for the lightning rod agent. He's a smooth article.—Bronson Times-Democrat.

The Lurid Glow of Doom.

was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful plight from eczema had, for five years, defied all remedies and baffled the best doctors, who said the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For eruptions, eczema, salt rheum, sores and all blood disorders and rheumatism, Electric Bitters is supreme. Only 50c. Guaranteed by Fort Pierce Drug Company.

Notice of Special Law.

Notice is hereby given that the next Legislature of Florida will be asked to pass a special law for St. Lucie County, Florida, permitting the Board of County Commissioners of said county to levy and collect a special tax of not to exceed ten mills for road purposes.
